

800 Oak Avenue Wyoming OH 45215 (513) 821-2428

CONFIDENTIALITY RIGHTS OF A MINOR 14 YEARS OF AGE OR OLDER

As a minor 14 years of age or older, you have requested that we provide mental health professional service to you, excluding the use of medication, without the consent or knowledge of your parent(s) or guardian(s). In accordance with state law, your parent(s) or guardian(s) shall not be informed of these services without your consent unless we as the mental health professional treating you determine that there is a compelling need for this disclosure based on a substantial probability of harm to you or to other persons and if we notify you of our intent to inform your parent(s) or guardian(s).

In accordance with the laws of the State of Ohio, we can only provide services to you as a minor for not more than six (6) sessions or 30 days of services, whichever occurs first. After the sixth session or 30 days of service, we are required to terminate the services or with your consent, notify your parents or guardian in order to obtain their consent to provide further services to you. This is also to advise you that with certain permitted exceptions, your parents or guardian have a right to obtain all information that we receive from you unless specifically prohibited by court order.

I acknowledge receipt of a copy of this policy.
